Product Description

The Swagelok ST series hose is a virgin PTFE-lined hose with a fiber braid reinforcement and 304 stainless steel reinforcement with silicone cover. The exceptions are the 1/8-inch nominal size hose does not have the fiber braid and the 1 inch nominal size is constructed with two stainless steel braids and no fiber braid. All ST series hoses undergo production testing in accordance with ASTM D380 "Test Methods for Rubber Hose" (version current to hose production date).

Configurations

All end connection inserts are crimped onto the hose using crimp collars.
